Consent for Photos or Videos to be taken

If you are planning to take photos or videos of the evaluation activities (eg interviews, FGDs, validation meeting etc) you need to get permission from people to

- a) to take the photos/videos*
- b) to use them in reports/publications/presentations etc.*

You should explain to the person what the photos/videos will be used for and also reassure them that their real name and personal details will not be used in such a way that they can be identified.

Ask them to sign or thumb print this form, or if they are not able to do this ask a parent/ carer/personal assisant or other witness to do so on their behalf.

Make sure that they are happy for the photos to be taken and used. If they say no that is absolutely fine.
